The screenshot displays the IBM Watson Studio web interface. The top navigation bar includes the IBM Watson Studio logo, a search bar, and user account information (Nivedha U's Account, Dallas). The main content area is divided into tabs: Overview, Assets (selected), Jobs, and Manage. On the left sidebar, there are options to 'Find assets', 'Import assets', and 'New asset'. Below these, a list of 'Asset types' is shown, with 'Data' (4 items) and 'Notebooks' (1 item) visible. The 'Notebooks' section is expanded, showing a table with the following data:

Name	Language	Last modified
Arrhythmia Notebook	Python 3.9	4 days ago Modified by you

At the bottom of the interface, there is a Windows taskbar with various application icons and a system tray showing the date and time (17-11-2022, 18:47).
